

PINNACLE SERIES™

RAISE YOUR LAB STANDARDS

Ergonomic workstations from BOSTONtec provide flexible designs that facilitate research, promote collaboration and have the versatility to evolve with your workspace needs. Make tools and technologies easily accessible. Create a workspace that helps people work together seamlessly and at an ergonomic height.

STRONG, YET EASY

The Pinnacle Series™ table supports your greatest challenges with a frame capable of sustaining up to 1200 lbs. Flexible height adjusts effortlessly with a touch of your finger. Limit downtime with service options that never require table disassembly or equipment removal. Independent table frame configurations allow for adaptability at the user-level. The Pinnacle Series™ table enables you to do what you do, better – enhance research, study and discovery.

ACHIEVE MAXIMUM MOTION

Maximize your lab and storage capabilities with the Pinnacle Series™ table.

- Fewer component systems to simplify quick renovations, reduce inventory and save you time
- Frame capable of supporting up to 1200 lbs. per 48- to 84-inch table
